

## **Term Tenure and Promotion Prompts for Computer and Information Science**

### **Prompt 1:**

How does your Christian faith influence your life as a computing professional and/or your involvement in the computing discipline?

Brooks, Frederick P. The Computer Scientist as Toolsmith II. (ACM Allen Newell Award acceptance lecture, from SIGGRAPH 1994.) Communications of the ACM, March 1996.

Herzfeld, Noreen. Technology and Religion: Remaining Human in a Co-created World. Templeton Press, 2009. (A required school reading)

### **Prompt 2:**

In the broader discussion of the effects and ethics of newer technologies in society, how does your faith enable you to contribute to that discussion?

Challies, Tim. The Next Story: Life and Faith after the Digital Explosion. Zondervan, 2011.

Herzfeld, Noreen. Technology and Religion: Remaining Human in a Co-created World. Templeton Press, 2009. (A required school reading)
