

Messiah University – Office of Academic Accessibility

Roommate Agreement

My signature indicates my agreement to follow the statements listed below, including the etiquette outlined in this agreement, and to share the assigned residential space with the service or emotional support animal and its student partner. Should I have any concerns regarding the care and control of the approved assistance animal, I will discuss my concerns with the student partner and then with Residence Life staff if the student partner and I cannot come to a reasonable agreement.

- I have been notified of the size and type of service or emotional support animal owned by my roommate.
- I understand that I may request a housing change if I am unwilling to live with the service or emotional support animal.
- I will contact Facilities at 691-6011 to set up an appointment if we are requesting work to be done in our room.
- I am aware that there may be regular inspections in our room/apartment for damage, cleanliness, and infestations of pests, specifically fleas or ticks.
- I will avoid touching the service or emotional support animal or its student partner without permission.
- I will not make noises at the service or emotional support animal as it may distract the animal from doing its job.
- I will not feed the service or emotional support animal as it may disrupt its schedule.
- I will not attempt to startle the service or emotional support animal.
- I will not attempt to separate the service or emotional support animal from its student handler.
